A NON-PROFIT ORGANIZATION CONNECTING
KNOWLEDGE WITH NEED SINCE 1979

Objectives

- Articulate the clinical uses of the five major psychotropic medication classes- the antidepressants, mood stabilizers, anti-anxiety agents, antipsychotics and psychostimulants- including their efficacy, and their common side effects.
- Communicate the potential benefits and risks of using psychotropic medication to treat a wide array of conditions.
- Explore psychotropic medication treatment options for clients with Attention Deficit/Hyperactivity Disorder.
- Analyze the actions, therapeutic uses, and side effects of antidepressants in adults and children.
- Implement effective methods for collaborating with clients, families and prescribers in order to build a comprehensive treatment plan.
- Explore specific ethical issues and their resolve to the everyday practice of clinical psychopharmacology.

Psychopharmacology

What You Need to Know Today about Psychiatric Medications

Most Up-To-Date Psychotropic Medication Info

Demands on mental health professionals to expand their knowledge of psychotropic meds are like never before . . . not only do you need to be on top of the latest developments and what is on the horizon, but you also have to take that information, and use it most effectively for your client.

- * Improve clients’ understanding of their mental illness, and how medication aids recovery
- * Identifying treatment concerns with inappropriate, inadequate doses of medication
- * Tools to help clients manage unpleasant side effects
- * Strategies to improve client adherence to medications
- * Depression, bipolar, anxiety, schizophrenia, ADHD -- the latest trends in medication management

Speaker

Mary T. Johnson RN, MS, has 42 years of experience as an RN and currently teaches at the University of Michigan in the RN-to-BSN program. Prior to this position, she was director of nurses at Rivers Edge Hospital in St. Peter, Minnesota. For 10 years, Mary presented continuing education programs on Psychotropic Medications for Minnesota State University. She has also given numerous other presentations on Gastrointestinal Disorders, as well as on Health Assessment, Neurologic Disorders, and Dementia. She has taught nursing at Minnesota State University, The University of Louisville, Spalding University and at Illinois State University. In addition, Mary was a case manager and a nurse educator at the Veterans Affairs Medical Center in Louisville, Kentucky. She is an active member of Sigma Theta Tau International, the honor society of nursing. Mary has a passion for education and shares the wealth of knowledge she has gained throughout her years of experience.

Questions? Call customer service at **800-844-8260**

Hassle-Free Cancellation Policy: If you contact us before the event date, you can exchange for a DVD or CD/digital manual package on the subject (self-study continuing education credit may be available), a certificate to attend another seminar, or receive a tuition refund less a \$30 cancel fee. Substitutions are permitted at any time.

Seminar on DVD or CD Package: You can purchase a self-study package on the subject. You will receive a set of CDs or DVDs that include a digital copy of the seminar manual and post-test/evaluation. You and your colleagues can receive CE hours for a nominal fee. To determine if homestudy credits are available for your profession go to www.pesi.com or call 800-844-8260. Check with your licensing board to verify acceptance of self-study credits for license renewal. Order today by using the order form on this brochure or by calling 800-844-8260.

Have a seminar idea? A manuscript to publish? The nation’s top speakers and authors contact PESI first. If you are interested in becoming a speaker or have a new topic idea, please contact Scott Simpson at ssimpson@pesi.com or call 715-855-5263.

PESI Inc. is proud to offer this seminar (at these locations only) *free* of charge (on live seminar tuition) for veterans and active duty military personnel. **Advance registration by phone required.**
