Until now, choices were limited if you wanted to incorporate tools into your practice.

You had to buy expensive tools and attend an expensive class that locked you into one way of applying techniques.

Taught by industry-leading experts in movement assessment and therapy, these hands-on certification programs equip you with all the skills you'll need to begin using Cupping & Compression Band Flossing with your patients tomorrow.

hese events are a members of RockTape's Functional Movement Techniques (FMT) Certification Series and are equivalent to FMT Basic and FMT Performance.

# **Myofascial Cupping Practitioner Certification**

Evaluate the concept of skin/fascial decompression and its ability to improve tissue mobility, improve movement and modulate pain. Through this hands-on learning experience, you will combine cupping and functional movement to produce the kinds of active treatment strategies that are revolutionizing rehab. Discover effective cupping treatments you can use for pain, swelling, tendinopathies, and more.

# **Compression Band Flossing Practitioner Certification**

Explore the anatomic, physiologic and neurologic effects of compression band flossing on connective tissue gliding, tissue traction and tissue compression. Learn how to combine compression bands and functional movement to produce the kinds of active treatment strategies that will deliver superior patient and client outcomes. During the extensive hands on labs, you will explore the science of compression band flossing and fascial shearing that help improve joint mobility, reduce pain, and enhance movement.

# **Speakers**

Presenting on July 15, 16, 17

**BRETT SANDERS, MS, OTR/L, CEAS,** began his career as an occupational therapist over 20 years ago, treating hand injuries, burns, and acute care patients at St. Agnes Hospital in Philadelphia. Since then, he has gone on to offer onsite therapy services in a wide variety of settings and industries, from pharmaceuticals to aerospace, specializing in resolving complex ergonomic issues and repetitive strain injuries. Today, Mr. Sanders oversees a nine-state territory as regional manager of WorkStrategies for Select Medical's outpatient division, where he manages national onsite injury prevention programming with clients such as Amazon and Ahold/Giant. A leader and national educator in onsite therapy and ergonomics, he is frequently sought after to consult and train on ergonomics, job and risk analysis, workplace safety, post offer testing, functional capacity evaluation, early symptom intervention, and onsite rehabilitation.

Financial: Brett Sanders has an employment relationship with Nova Care Rehabilitation Company – Select Medical. He receives an honorarium from RockTape. Mr. Sanders receives a speaking honorarium from PESI, Inc. Non-financial: Brett Sanders has no relevant non-financial relationship to disclose.

Presenting on August 17 & 18

STU WILSON, PT, uses functional and movement-based medicine along with manual therapy to treat biomechanical issues. He believes that the bio-psych-social model is crucial in treating the whole individual and utilizing the right tool at the right time. Stuart presents nationally on various topics including: taping, running, functional medicine and injury prevention.

Stu has consulted for USA Triathlon, was the lead PT for the Colorado Ballet, and has gained a respectful reputation as a running and cycling expert. He has submerged himself in Applied Functional Science, SFMA, FMS, Functional Dry Needling, and Kinesiology Taping. He is an owner at Panther Physical Therapy and Sports Performance facility in Colorado where he continues to treat many athletes and patients of all levels. Stu enjoys being active outside with running, biking, hiking and snowboarding as well as playing on teams such as ice hockey and soccer.

Financial: Stuart Wilson is director at Panther Physical Therapy and Sports Performance. He is an affiliate faculty member for Regis University, Mr. Wilson receives a speaking honorarium from PESI, Inc

Non-financial: Stuart Wilson has no relevant non-financial relationship to disclose.
