

OUTLINE

Hot topics and innovations in Neuro-Developmental Treatment

- How your patients can benefit from cutting edge research

HANDS-ON LAB Upgrade your assessment and clinical reasoning skills

Get to the root causes of impairments faster with better evaluation techniques for:

- Upper and lower extremity dysfunction
- Executive dysfunction
- Pain
- Muscular weakness
- Decreased sensation
- Limited flexibility
- Fall risk
- Fatigue
- Depression/low motivation

HANDS-ON LAB Revolutionize your rehab toolbox with NDT

Practice effective techniques you can use immediately to:

- Rapidly restore function
- Rebuild strength, mobility and stability
- Improve multitasking and gait
- Reduce fall risk
- Increase alertness and executive function
- Ignite neuroplasticity for breakthroughs
- Intensify therapy safely and effectively
- Motivate difficult or depressed patients
- Reverse the tide of compensation
- Reduce pain and improve tolerance
- Avoid progress plateaus

HANDS-ON LAB Combine multiple modalities more effectively for better results

Practice integrating:

- NDT
- High intensity aerobic activity
 - Treadmill training
 - Upper Extremity Bicycle
- Kinesiology taping
- Indoor/outdoor exercise
- Resistive exercise
- Flexibility training

HANDS-ON LAB Design advanced, innovative plans of care for your patients

Practice developing effective treatment strategies that reflect desired outcomes with:

- Stroke
- Traumatic brain injury
- Concussion
- Multiple sclerosis
- Guillelan Barre
- Conversion disorder
- Transverse myelitis
- Cerebral palsy
- Shoulder subluxation
- Amputation
- Fibromyalgia
- Myelopathy

CASE STUDIES Put knowledge to practice

- Case study 1: Correctly select the root cause of impairment
- Case study 2: Apply advanced gait training and multitasking techniques
- Case study 3: Improve patient pain tolerance
- Case study 4: Reverse the tide of compensation for impairments
- Case study 5: Adjust your plan of care to prevent progress plateaus

Maximize your reimbursement

- Coding and billing updates
- Justify therapy with the right progress measures
- Avoid denials and audits with these tips

Seminar on DVD Package: You can purchase a self-study package on the subject. You will receive a set of DVDs that include a digital copy of the seminar manual and post-test/evaluation. You and your colleagues can receive CE hours for a nominal fee. To determine if homestudy credits are available for your profession go to www.pesirehab.com or call 800-844-8260. Check with your licensing board to verify acceptance of self-study credits for license renewal. Order today by using the order form on this brochure or by calling 800-844-8260.

Hassle-Free Cancellation Policy: If you contact us before the event date, you can exchange for a DVD on the subject (self-study continuing education credit may be available), a certificate to attend another seminar, or receive a tuition refund less a \$30 cancel fee. Substitutions are permitted at any time.

Neuro-Developmental Treatment Master Class

Whether you want to treat the root cause of impairment faster, enhance your clinic's services for neuro and ortho patients, or add personal value within a large organization, this program will get you where you want to go.

Built from one of the most trusted methodologies in neurological rehabilitation, the Neuro-Developmental Treatment Master Class will teach you today's top NDT strategies for efficiently evaluating and treating a wide range of neurological and orthopedic injuries. And the results are incredible. Clinicians have seen countless patients -- from sedentary, wheelchair bound patients to fit and active baby boomers -- regain lost function and get their groove back using the techniques covered in this program.

Join Dr. Benjamin White as he shares a proven framework for rehabilitation that combines today's best NDT strategies with innovative dual task interventions, constraint-induced movement techniques, taping, exercise, and other high-yield interventions.

If you're chasing symptoms without getting to the "why" of your patients' impairment, you're losing time, money and referrals. This course is your path to delivering results for your patients.

Register for the Neuro-Developmental Treatment Master Class today!

SPEAKER

BENJAMIN WHITE, PT, DPT, C/NDT, LSVT BIG, is an expert in stroke rehabilitation, who serves as the lead neurological therapist at a not-for-profit healthcare institution in Texas. A graduate of the University of Texas Health Science Center's physical therapy doctoral program, he has treated a wide array of neurological diagnoses over the years, from concussions and vestibular disorders to stroke, Parkinson's, and Guillain-Barré syndrome.

Dr. White is an award-winning clinical instructor, a renowned national speaker on stroke rehabilitation topics, and has published numerous articles on the topics of neuroplasticity and stroke. In addition, he serves on the Neuro-Development Treatment (NDT) publication committee and is the co-president of the Brazos Valley Parkinson's Association.

Disclosures:

Financial: Benjamin White has an employment relationship with Baylor Scott & White. He receives a speaking honorarium from PESI, Inc.

Non-financial: Benjamin White is a member of the Neurodevelopmental Treatment Association.

OBJECTIVES

1. Discuss the theory, component skills, and latest advances in neuro-developmental treatment.
2. Review strategies for more quickly identifying the root causes of pain and functional limitations.
3. Integrate effective interventions that can be used immediately to improve function, multitasking, gait, strength, flexibility, mobility and stability.
4. Combine multiple modalities effectively for better results, including NDT, high intensity aerobic activity, kinesiology taping, resistive exercise, and flexibility training.
5. Design effective, innovative plans of care for a wide range of neurological and orthopedic impairments.
6. Apply the assessments and interventions discussed in this seminar to a series of interactive case scenarios.

Live Seminar Schedule

7:30 Networking/Registration/Morning Coffee & Tea

8:00 Program begins

Neuro Notes: Clinical Pocket Guide

By Claudia Fenderson, PT, ED.D., PCS and Wen Ling, PT, PH.D.

- Wipe-Free History and Assessment Forms
- Organized by Preferred Practice Patterns
- First Tab Cross-References Disorders to Guide Practice Patterns
- Covers Both Pediatric & Adult Content
- Common Neuromuscular Conditions
- Red Flag Alerts

Whatever the practice setting-acute care, rehabilitation, outpatient, extended care, or in a school-turn to this handy pocket guide to the neurological examination. Small in size, but not in content, it covers all of the common neuromuscular conditions, disorders, and diseases you might encountered in patients throughout their lifespans. A spiral binding, thumb tabs and nearly 240 illustrations insure you can find just what you're looking for. Waterproof, reusable pages let you record clinical data and then wipe the pages clean with alcohol.

PESI Inc. is proud to offer this seminar (at these locations only) *free* of charge (on live seminar tuition) for veterans and active duty military personnel. **Limited seats available; advance online registration required.**

Questions? Call customer service at **800-844-8260**

Have a seminar idea? A manuscript to publish?

The nation's top speakers and authors contact PESI first. If you are interested in becoming a speaker or have a new topic idea, please contact Orion Tarpley at otarpley@pesi.com or 715-855-5262.

Live Seminar Continuing Education Credit Information

Credits listed below are for full attendance at the live event only. After attendance has been verified, pre-registered attendees will receive an email from PESI Customer Service with the subject line, "Evaluation and Certificate" within one week. This email will contain a link to complete the seminar evaluation and allow attendees to print, email or download a certificate of completion if in full attendance. For those in partial attendance (arrived late or left early), a letter of attendance is available through that link and an adjusted certificate of completion reflecting partial credit will be issued within 30 days (if your board allows). Please see "LIVE SEMINAR SCHEDULE" on this brochure for full attendance start and end times. NOTE: Boards do not allow credit for breaks or lunch.

If your profession is not listed, please contact your licensing board to determine your continuing education requirements and check for reciprocal approval. For other credit inquiries not specified below, or questions on home study credit availability, please contact cepesi@pesi.com or 800-844-8260 before the event.

Materials that are included in this course may include interventions and modalities that are beyond the authorized practice of mental health professionals. As a licensed professional, you are responsible for reviewing the scope of practice, including activities that are defined in law as beyond the boundaries of practice in accordance with and in compliance with your profession's standards.

PESI, Inc. offers continuing education programs and products under the brand names PESI, PESI Healthcare, PESI Rehab and Psychotherapy Networker.

ATHLETIC TRAINERS: PESI, Inc. is recognized by the Board of Certification, Inc. to offer continuing education for Certified Athletic Trainers. This program has been approved for a maximum of 6.25 hours of Category A continuing education.

NURSES/NURSE PRACTITIONER/CLINICAL NURSE SPECIALISTS: PESI, Inc. is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

Nurses in full attendance will earn 6.3 contact hours. Partial contact hours will be awarded for partial attendance.

OCCUPATIONAL THERAPISTS & OCCUPATIONAL THERAPY ASSISTANTS: PESI, Inc. is an AOTA

Approved Provider of continuing education. Provider #: 3322. Full attendance at this course qualifies for 6.0 contact hours or .6 CEUs in the Category of Domain of OT and Occupational Therapy Process. Partial credit will be issued for partial attendance. The assignment of AOTA CEUs does not imply endorsement of specific course content, products, or clinical procedures by AOTA. Course Level: Intermediate.

PHYSICAL THERAPISTS & PHYSICAL THERAPIST ASSISTANTS: This activity consists of 6.25 clock

hours of instruction that is applicable for physical therapists. CE requirements for physical therapists vary per state/jurisdiction. Please retain the certificate of completion that you receive and use as proof of completion when required.

OTHER PROFESSIONS: This activity qualifies for 380 minutes of instructional content as required by many national, state and local licensing boards and professional organizations. Save your course outline and certificate of completion, and contact your own board or organization for specific requirements.
