

Outline

HOT TOPICS AND INNOVATIONS

- How your patients can benefit from cutting edge research

HANDS-ON LABS **UPGRADE YOUR ASSESSMENT AND CLINICAL REASONING SKILLS**

Get to the root cause of impairments faster with today's best tests and evaluations for:

- Dizziness
- Neck pain
- Lightheadedness
- Sleeplessness
- Gait disturbances
- Visual hallucinations
- Drop attacks
- Double vision
- Oscillopsia
- Tinnitus
- Motion sensitivity
- Gaze stability
- Balance

HANDS-ON LABS **REVOLUTIONIZE YOUR REHAB TOOLBOX**

Practice effective techniques you can use immediately to:

- End years of vertigo and dizziness in as little as one session
- Significantly improve functional mobility
- Manage concussion more effectively
- Return athletes to sport faster
- Prevent falls
- Improve balance and gait
- Restore gaze stability and focus
- Reduce migraines, neck pain, nausea, anxiety, and other related symptoms

HANDS-ON LABS **COMBINE TECHNIQUES MORE EFFECTIVELY FOR BETTER OUTCOMES**

Practice integrating:

- Epley maneuver and variations
- Head thrust technique
- Brandt-daroff exercises
- Roll technique
- BBQ roll
- Liberatory maneuver
- Ocular motor assessment
- Vestibular ocular reflex/gaze stabilization
- Saccade exercises
- Optokinetic treatments
- Subjective visual vertical assessment
- Progressive advancement of visual motion
- Treatment for exertional intolerance
- Smooth pursuit neck torsion test
- Joint mobility for cervicogenic dizziness

HANDS-ON LABS **DESIGN ADVANCED, INNOVATIVE PLANS OF CARE FOR YOUR PATIENTS**

Practice developing comprehensive treatment strategies for specific impairments, including:

- Cervicogenic dizziness
- Concussion
- Benign paroxysmal positional vertigo (BPPV)
- Vestibular hypofunction
- Vestibular neuronitis
- Vestibular migraine
- Labyrinthitis
- Meniere's disease
- Endolymphatic hydrops
- Acoustic neuroma

CASE STUDIES **PUT KNOWLEDGE TO PRACTICE**

- Case study 1: Conduct a comprehensive assessment and differentially diagnose the correct impairment
- Case study 2: Problem solve a complex case of cervicogenic dizziness and develop an effective treatment plan
- Case study 3: Navigate pharmacological side effects and comorbidities
- Case study 4: Measure patient outcomes using Dynamic Gait Index, Functional Gait Assessment, and other tools
- Case study 5: Overcome barriers to effective strategy implementation

DON'T LEAVE MONEY ON THE TABLE!

- Coding and billing updates
- Justify rehab with the right progress measures
- Avoid denials and audits with these tips

Target Audience

- Physical Therapists
- Physical Therapist Assistants
- Occupational Therapists
- Occupational Therapy Assistants
- Audiologists
- Athletic Trainers
- Therapy Directors
- Physician Assistants
- Nurse Practitioners
- Nurses

Live Webcast Details and Live Webcast Continuing Education Credit Information

Join us on October 8, 2019, for this live, interactive webcast! Invite your entire office and, like a live seminar, "attend" the webcast at its scheduled time. It's easy and convenient! Webcasts provide everything you need for a premier educational experience including real-time video and audio of the speaker. See and hear the speaker, ask questions via email and have them answered during the webcast, and watch the slides all on your computer screen. Seminar materials are available for download. One CE Certificate is included. Certificates of Completion can be printed after completing and passing the on-line post-test evaluation. Additional certificates are available for \$49.99 USD per participant. Please see "live seminar schedule" for full attendance start and end times. NOTE: Boards do not allow credit for breaks or lunch. For CE information for the live webcast, please visit: www.pesirehab.com/webcast/73234

A NON-PROFIT ORGANIZATION CONNECTING KNOWLEDGE WITH NEED SINCE 1979

Whether you want to treat the root cause of dizziness faster, enhance your clinic’s services for vestibular patients, or add personal value within a large organization, this program will get you where you want to go.

Created by one of the most trusted names in vestibular rehabilitation, **The Ultimate Guide to Treating Dizziness, Vertigo, and Vestibular Disorders** will teach you today’s top strategies for efficiently evaluating and resolving many common diagnoses. And the results are incredible. Clinicians have seen countless patients -- from sedentary retirees to high-level athletes -- rediscover the joys of dizziness-free living using the interventions you’ll learn in this program.

Join Dr. Jamie Miner as she shares a proven framework for rehabilitation that combines today’s best practices with over 25 years of experience helping patients overcome vestibular disorders in hospitals, rehab centers, home health settings, SNFs, and outpatient facilities.

If you’re chasing symptoms without getting to the “why” of your patients’ impairment, you’re losing time, money and referrals. This course is your path to delivering results for your patients.

Register for **The Ultimate Guide to Treating Dizziness, Vertigo, and Vestibular Disorders** today.

Speaker

JAMIE MINER, PT, DPT, GCS, is an expert in vestibular rehabilitation with over 25 years of experience treating dizzy patients in hospitals, rehab centers, home health, and other practice settings.

Dr. Miner travels nationally to present seminars on vestibular rehabilitation, and she is known for her dynamic, hands-on teaching style. Over the years, she has maintained a busy outpatient clinical practice, she currently provides therapy services to older adults in several skilled nursing facilities. A Geriatric Certified Specialist through the APTA, she serves as an adjunct professor and clinical instructor at Shenandoah University’s DPT program.

Speaker Disclosures:
Financial: Jamie Miner has an employment relationship with Rehabcare, Galloway Ridge Facility. She is an Adjunct Associate Professor at Shenandoah University. Ms. Miner receives a speaking honorarium from PESI, Inc.
Non-financial: Jamie Miner has no relevant non-financial relationship to disclose.

Objectives

- Discuss the latest advances in vestibular rehabilitation and their implications for rehab.
- Demonstrate a comprehensive assessment, identifying and differentiating root causes of dizziness, vertigo, and vestibular disorders.
- Integrate the most effective interventions available for reducing dizziness, vertigo, and vestibular disorders.
- Combine multiple approaches for better outcomes, including balance training, vestibular rehabilitation, gaze stabilization, targeted exercises and more.
- Design effective, innovative plans of care for a wide range of diagnoses.
- Apply the assessments and interventions discussed in this seminar to a series of interactive case scenarios.

Hassle-Free Cancellation Policy:
If you contact us before the event date, you can exchange for a DVD package on the subject (self-study continuing education credit may be available), a certificate to attend another seminar, or receive a tuition refund less a \$30 cancel fee. Substitutions are permitted at any time.

Seminar on DVD Package:
You can purchase a self-study package on the subject. You will receive a set of DVDs that include a digital copy of the seminar manual and post-test/evaluation. You and your colleagues can receive CE hours for a nominal fee. To determine if homestudy credits are available for your profession go to www.pesirehab.com or call 800-844-8260. Check with your licensing board to verify acceptance of self-study credits for license renewal. Order today by using the order form on this brochure or by calling 800-844-8260.

PESI, Inc. is proud to offer this seminar (at these locations only) *free* of charge (on live seminar tuition) for veterans and active duty military personnel. **Limited seats available; advance online registration required.**

Live Seminar Continuing Education Credit Information

Credits listed below are for full attendance at the live event only. After attendance has been verified, pre-registered attendees will receive an email from PESI Customer Service with the subject line, "Evaluation and Certificate" within one week. This email will contain a link to complete the seminar evaluation and allow attendees to print, email or download a certificate of completion if in full attendance. For those in partial attendance (arrived late or left early), a letter of attendance is available through that link and an adjusted certificate of completion reflecting partial credit will be issued within 30 days (if your board allows). Please see "LIVE SEMINAR SCHEDULE" on this brochure for full attendance start and end times. NOTE: Boards do not allow credit for breaks or lunch. If your profession is not listed, please contact your licensing board to determine your continuing education requirements and check for reciprocal approval. For other credit inquiries not specified below, or questions on home study credit availability, please contact cepesi@pesi.com or 800-844-8260 before the event. Materials that are included in this course may include interventions and modalities that are beyond the authorized practice of mental health professionals. As a licensed professional, you are responsible for reviewing the scope of practice, including activities that are defined in law as beyond the boundaries of practice in accordance with and in compliance with your profession's standards.
