

#### Hot topics and innovations in stroke rehabilitation

- How your patients can benefit from cutting edge research

#### Upgrade your assessment and clinical reasoning skills

- Today's best evaluations for:
  - Sensory and coordination
  - Visual changes
  - Synergies and motor recovery
  - Weakness and reflexes
  - Muscle tone and flaccidity
  - Perception and cognition
  - Postural control
  - Gait, balance and coordination

#### • Hands-on Lab

#### Revolutionize your rehab toolbox

- Effective techniques you can use immediately to:
  - Ignite neuroplasticity for breakthrough results
  - Restore functional strength more quickly
  - Enhance function and multi-tasking ability
  - Reduce spasticity
  - Restore limb use
  - Resolve impairments from a more functional, person-centered perspective
  - Improve transfers with less strain
  - Prevent falls with effective gait training
  - Improve strength, balance and coordination
  - Design a more effective home program
  - Intensify therapy safely and effectively
  - Re-engage difficult or depressed patients

#### • Hands-on Lab

#### Combine techniques more effectively for better outcomes

- Practice integrating:
  - Constraint-induced movement therapy
  - Task-specific training
  - Dual task interventions
  - Neuro-developmental Treatment (NDT)
  - Neuro-handling techniques
  - Balance and gait training
  - Postural control
  - PNF (proprioceptive neuromuscular facilitation)
  - Functional activities
  - Therapeutic exercise
  - Technological advances
  - Neuroplasticity-building interventions

#### • Hands-on Lab

## OUTLINE

#### Design advanced, innovative plans of care for your patients

- Comprehensive treatment strategies for specific impairments, including:
  - Ataxia
  - Hemiparesis
  - Neglect
  - Pusher syndrome
  - Spasticity
  - Subluxation
  - Gait and mobility
  - Decreased sensation
  - Reduced flexibility
  - Muscular weakness
  - Timing/coordination

#### • Hands-on Lab

#### Case Studies: Put knowledge to practice

- Case study 1: Correctly select the root cause of impairment
- Case study 2: Apply advanced gait training and multitasking techniques
- Case study 3: Re-engage a difficult or depressed patient
- Case study 4: Overcome barriers to effective strategy implementation
- Case study 5: Adjust your plan of care for technological advances

#### Don't leave money on the table!

- Coding and billing updates
- Justify therapy with the right progress measures
- Avoid denials and audits with these tips

#### Live Seminar Schedule

**7:30** Networking/Registration/Morning Coffee & Tea

**8:00** Program begins

**11:50 - 1:00** Lunch *(on your own)*

**4:00** Program ends

There will be two 15-min breaks (mid-morning & mid-afternoon).  
Actual lunch and break start times are at the discretion of the speaker.  
A more detailed schedule is available upon request.

# Stroke Rehabilitation Master Class

Working with stroke patients is deeply meaningful and incredibly rewarding. And you strive to help each patient who’s counting on you to facilitate improvements that will change their lives.

But some patients are so impaired that treatment becomes overwhelming. Others make exceptional gains in clinical settings, only to hit a wall in less controlled environments. As time passes without results, even the most promising patient can feel the sun setting on the person she used to be, growing disengaged and depressed -- convinced she can’t progress further with therapy.

If you’re not up to speed on the latest treatment strategies, she might be right.

Built on today’s best practices, this program will show how to apply effective techniques that completely redefine what’s possible for your patients! Discover tools and strategies that have helped countless survivors leave their limitations behind, even 10 years post stroke.

Sign up today and leave this one-of-a-kind training knowing that when your next patient tells you how she hopes to return to work or stay active with her grandkids, you’ll be able to confidently guide her toward rapid functional improvements with the best methods available in neurological rehab!

## SPEAKER

**JONATHAN HENDERSON, PT, DPT, C/NDT, is an expert in stroke rehabilitation,** who brings a unique clinical eye to treating patients with neurological deficits, honed from his experience in both acute care and inpatient rehab settings. He maintains a busy outpatient clinical practice in Memphis, TN, which focuses on providing neurological and orthopedic care to older adults, and is a Credentialed Clinical Instructor (CCI) and has served as director of the Physical Therapist Assistant Program at Concorde Career College.

Dr. Henderson travels nationally to present seminars on stroke rehabilitation, and he is known for his dynamic, hands-on teaching style. He earned his Doctor of physical therapy from Alabama State University, and he is also certified in neuro-developmental treatment with a focus on stroke and brain injury rehab. He is an active member of the American Physical Therapy Association (APTA), Neurodevelopmental Treatment Association (NDTA), and the American Academy of Physical Therapy. (AAPT).

Disclosures:

Financial: Jonathan Henderson is owner of Bartlett NeuroRehab Physical Therapy. He receives a speaking honorarium from PESI, Inc.  
Non-financial: Jonathan Henderson is a member of the American Academy of Physical Therapy; the American Physical Therapy Association; and the Neuro Development Treatment Association.

## OBJECTIVES

- Discuss the latest advances in stroke recovery and their implications for therapy.
- Review strategies for identifying the root causes of post-stroke impairments faster.
- Integrate effective interventions that can be used immediately to improve function, multitasking, balance, gait, strength, flexibility and mobility.
- Combine multiple interventions more effectively for better results, including dual task interventions, NDT, constraint-induced movement therapy, balance and gait training, exercise, and functional activities.
- Design effective, innovative plans of care for a wide range of neurological impairments.
- Apply the assessments and interventions discussed in this seminar to a series of interactive case scenarios.

## Who Should Attend

- Physical Therapists
- Physical Therapist Assistants
- Occupational Therapists
- Occupational Therapy Assistants
- Therapy Directors
- Nurses
- Nurse Practitioners
- Physician Assistants

## What You Should Wear/Bring

- Lab-appropriate clothing

### Mindful Chair Yoga Card Deck

50+ Practices for All Ages

By Jennifer Cohen Harper, MA, E-RCYT and Mayuri Breen Gonzalez

*Mindful Chair Yoga* is a powerful way to harness key benefits of the practice: become stronger, more flexible, navigate challenging situations without becoming overwhelmed, rest when you need it, and much more. Each card includes a reflection question to help engage fully with the activities. This easy-to-use card deck contains 50+ practices that can support everyone - children, teens and adults - in living a happier, healthier life.

PESI Inc. is proud to offer this seminar (at these locations only) *free* of charge (on live seminar tuition) for veterans and active duty military personnel. **Limited seats available; advance online registration required.**

### Have a seminar idea? A manuscript to publish?

The nation’s top speakers and authors contact PESI first. If you are interested in becoming a speaker or have a new topic idea, please contact Orion Tarpley at [otarpley@pesi.com](mailto:otarpley@pesi.com) or 715-855-5262.

## Live Seminar Continuing Education Credit Information

**Credits listed below are for full attendance at the live event only.** After attendance has been verified, pre-registered attendees will receive an email from PESI Customer Service with the subject line, “Evaluation and Certificate” within one week. This email will contain a link to complete the seminar evaluation and allow attendees to print, email or download a certificate of completion if in full attendance. For those in partial attendance (arrived late or left early), a letter of attendance is available through that link and an adjusted certificate of completion reflecting partial credit will be issued within 30 days (if your board allows). Please see “LIVE SEMINAR SCHEDULE” on this brochure for full attendance start and end times. NOTE: Boards do not allow credit for breaks or lunch.

If your profession is not listed, please contact your licensing board to determine your continuing education requirements and check for reciprocal approval. For other credit inquiries not specified below, or questions on home study credit availability, please contact [cepesi@pesi.com](mailto:cepesi@pesi.com) or 800-844-8260 before the event.

Materials that are included in this course may include interventions and modalities that are beyond the authorized practice of mental health professionals. As a licensed professional, you are responsible for reviewing the scope of practice, including activities that are defined in law as beyond the boundaries of practice in accordance with and in compliance with your profession’s standards.

PESI, Inc. offers continuing education programs and products under the brand names PESI, PESI Healthcare, PESI Rehab and Psychotherapy Networker.

**Nurses, Nurse Practitioners, and Clinical Nurse Specialists:** PESI, Inc. is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

Nurses in full attendance will earn 6.3 contact hours. Partial contact hours will be awarded for partial attendance.

**Occupational Therapists & Occupational Therapy Assistants:** PESI, Inc. is an AOTA Approved Provider of continuing education. Provider #: 3322. Full attendance at this course qualifies for 6.0 contact hours or .6 CEUs in the Category of Domain of OT and Occupational Therapy Process. Partial credit will be issued for partial attendance. The assignment of AOTA CEUs does not imply endorsement of specific course content, products, or clinical procedures by AOTA. Course Level: Intermediate.

**Physical Therapists & Physical Therapist Assistants:** This activity consists of 6.25 clock hours of instruction that is applicable for physical therapists. CE requirements for physical therapists vary per state/jurisdiction. Please retain the certificate of completion that you receive and use as proof of completion when required.

**Ohio Physical Therapists & Physical Therapist Assistants:** This course has been submitted to the Ohio Physical Therapy Association for review. Credit is pending.

**Physician Assistants:** For the most up-to-date credit information, please go to: [www.pesi.com/events/detail/73572](http://www.pesi.com/events/detail/73572).

**Other Professions:** This activity qualifies for 380 minutes of instructional content as required by many national, state and local licensing boards and professional organizations. Save your course outline and certificate of completion, and contact your own board or organization for specific requirements.

PLEASE RETURN ENTIRE REGISTRATION FORM
