

Outline

VISUAL REHAB FOLLOWING A NEUROLOGICAL EVENT

- Red flags
- Sequence of action
- When should you refer?
- Relationship of eye/brain anatomy to perception/processing

DIAGNOSIS: VISUAL ACUITY & VISUAL FIXATION

- Screening methods
- Treatment and compensation strategies
- Visual fixation for the low functioning client
- Advanced technology options

DIAGNOSIS: OCULAR MOTOR ALIGNMENT & DEPTH PERCEPTION

- Determine the diagnosis
- Cover/uncover test
- Assessment, demonstration & lab practice
- Establish treatment protocols

REHAB SUMMIT

LAS VEGAS

July 29–August 1, 2020

rehabsummit.com

Who Should Attend

- Occupational Therapists
- Certified Occupational Therapy Assistants
- Physical Therapists
- Physical Therapist Assistants
- Speech-Language Pathologists
- Audiologists
- Nurse Practitioners
- Physician Assistants
- Nurses

Live Seminar Schedule

**7:30:** Registration/Morning Coffee & Tea  
**8:00:** Program begins  
**Lunch:** 1 hour (on your own)  
**3:30:** Program ends

There will be two 15-min breaks (mid-morning & mid-afternoon). Actual lunch and break start times are at the discretion of the speaker. A more detailed schedule is available upon request.

DIAGNOSIS: VISUAL FIELD CUT

- Anatomical review of the visual pathway
- Determine the diagnosis
- Assessment, demonstration & lab practice
- Peripheral test
- Confrontation test
- Establish treatment protocols

DIAGNOSIS: HEMI-SPATIAL NEGLECT & PUSHER SYNDROME/MIDLINE ORIENTATION SHIFT

- Determine the diagnosis
- Differentiate between cut and neglect
- Why is left neglect more common than right?
- Assessment, demonstration & lab practice
- Simultaneous stimulus test
- Pencil and paper screeners
- Neuro handling principles
- Positioning strategies to rehabilitate
- Establish treatment protocols

DOCUMENTATION & ADVOCACY FOR COVERAGE

- Objective data to incorporate
- Demonstrating improvement
- Develop goals for justification

What to Bring

- Please bring colored pencils, markers, or highlighters.

Visual Rehab After  
Neurological Events

Seeing the World Through New Eyes

- Feeling lost in determining a treatment plan with a neurological client? Have you asked yourself:
- What is the best evidence-based therapy protocol?
  - How do you know if you are facing a field loss or a neglect?
  - How do you determine visual function when your client is confused?
  - Is this a vision or cognitive impairment?

Michelle has been in that fog and come out the other side with wonderful, functional, and cost-consciousness options to show and share. She sustains that therapy should be specific to the client’s challenge and that requires an astute awareness of the impairment. This insight comes from clear assessments that are revealed in this course, along with functional treatment interventions to ensure successful therapy sessions. Michelle shares anecdotes and case studies that highlight how the protocols can be put in to practice. These stories assist in enlightening the inexperienced therapist and commiserating with the experienced therapist. The course content is largely interactive and offers numerous lab sessions proving the engaging experience that therapists crave!

Speaker

**MICHELLE MIODUSZEWSKI, MS, OTR/L**, has been practicing occupational therapy in acute, inpatient rehabilitation, and outpatient settings through her career. Visual rehabilitation following neurological events has been an area of focus. Michelle owns and operates Niagara Therapy, LLC, a team-oriented practice based in Erie, PA that offers OT, PT, and SLP to adults and children with neurological concerns. She also consults for legal, education, and professional situations.

Michelle is the AOTA Administration and Management Chairperson for the Rehabilitation and Disability Special Interest Section, National MS Society Board of Trustees, and is a National MS Society Partner in Care Designation. She was trained in NDT and NEURO-IFRAH (NDTC), Bioness Certified, REO Certified, SAEBO Certified, and specialized in vision and cognitive rehabilitation. A published writer by AOTA Press, she also teaches on topics such as IASTM, Neuro-Rehab/Neuro-Handling, vision, cognition, spasticity, ergonomics and complex wheelchair evaluations.

Speaker Disclosures:  
Financial: Michelle Mioduszewski is the owner of Niagara Therapy, LLC. She receives a speaking honorarium from PESI, Inc.  
Non-financial: Michelle Mioduszewski is the AOTA Administration and Management Chairperson for the Rehabilitation and Disability Special Interest Section; and the National MS Society Board of Trustees.

Objectives

- Articulate an understanding of vision-based rehabilitation and the rehabilitation process.
- Articulate the description of ocular motor skill impairment, visual field loss, visual spatial inattention and midline syndrome.
- Demonstrate competent assessment of ocular motor skills, visual field loss, visual spatial inattention and midline syndrome.
- Discuss the difference between field impairment and neglect.
- Prescribe treatment interventions for ocular motor skills, visual field loss, visual spatial inattention and midline syndrome.
- Demonstrate effective documentation of assessment and intervention to justify skilled services.

**Hassle-Free Cancellation Policy:** If you contact us before the event date, you can exchange for a DVD on the subject (self-study continuing education credit may be available), a certificate to attend another seminar, or receive a tuition refund less a \$30 cancel fee. Substitutions are permitted at any time.

**Seminar on DVD Package:** You can purchase a self-study package on the subject. You will receive a set of DVDs that include a digital copy of the seminar manual and post-test/evaluation. You and your colleagues can receive CE hours for a nominal fee. To determine if homestudy credits are available for your profession go to [www.pesirehab.com](http://www.pesirehab.com) or call 800-844-8260. Check with your licensing board to verify acceptance of self-study credits for license renewal. Order today by using the order form on this brochure or by calling 800-844-8260.

**Optimizing Cognitive Rehabilitation**  
*Effective Instructional Methods*  
By McKay Moore Sohlberg, PhD, CCC-SLP & Lyn S. Turkstra, PhD, CCC-SLP  
Rehabilitation professionals face a key challenge when working with clients with acquired cognitive impairments: how to teach new skills to individuals who have difficulty learning. Unique in its focus, this book presents evidence-based instructional methods specifically designed to help this population learn more efficiently. The expert authors show how to develop, implement, and evaluate an individualized training plan. They provide practical guidelines for teaching multistep procedures, cognitive strategies, the use of external aids, and more. Purchasers of this title can download 19 sample worksheets and forms; blank forms provided by the publisher and are a convenient 8 1/2” x 11” size.

PESI, Inc. is proud to offer this seminar (at these locations only) *free of charge* (on live seminar tuition) for veterans and active duty military personnel. **Limited seats available; advance online registration required.**

Live Seminar Continuing Education Credit Information

**Credits listed below are for full attendance at the live event only.** After attendance has been verified, pre-registered attendees will receive an email from PESI Customer Service with the subject line, "Evaluation and Certificate" within one week. This email will contain a link to complete the seminar evaluation and allow attendees to print, email or download a certificate of completion if in full attendance. For those in partial attendance (arrived late or left early), a letter of attendance is available through that link and an adjusted certificate of completion reflecting partial credit will be issued within 30 days (if your board allows). Please see "LIVE SEMINAR SCHEDULE" on this brochure for full attendance start and end times. NOTE: Boards do not allow credit for breaks or lunch.

*If your profession is not listed, please contact your licensing board to determine your continuing education requirements and check for reciprocal approval. For other credit inquiries not specified below, or questions on home study credit availability, please contact [cepesi@pesi.com](mailto:cepesi@pesi.com) or 800-844-8260 before the event.*

**APPROVED PROVIDER**

**ASHA**  
CONTINUING  
EDUCATION

AMERICAN SPEECH-LANGUAGE-HEARING ASSOCIATION

PESI, Inc. is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

**Audiologists:** This course is offered for .6 ASHA CEUs (Intermediate level, Related area).

**Audiologists Only:** To be reported to ASHA, while completing the online post-test/evaluation, please answer YES to the question: "Are you a Speech-Language Pathologist and/or Audiologist requesting to have your credit hours reported to the ASHA CE Registry to earn ASHA CEUs?" while completing the online post-test/evaluation, please send an email to [cepesi@pesi.com](mailto:cepesi@pesi.com) with the following information: full title of the activity, speaker name, date of live activity, date you completed the post-test, and your name and your license number. If you did answer yes, you do not need to do anything further.

**Speech-Language Pathologists:** This course is offered for .6 ASHA CEUs (Intermediate level, Related area).

**Speech-Language Pathologists Only:** To be reported to ASHA, while completing the online post-test/evaluation, please answer YES to the question: "Are you a Speech-Language Pathologist and/or Audiologist requesting to have your credit hours reported to the ASHA CE Registry to earn ASHA CEUs?" while completing the online post-test/evaluation, please send an email to [cepesi@pesi.com](mailto:cepesi@pesi.com) with the following information: full title of the activity, speaker name, date of live activity, date you completed the post-test, and your name and your license number. If you did answer yes, you do not need to do anything further.

**Other Professions:** This activity qualifies for 360 minutes of instructional content as required by many national, state and local licensing boards and professional organizations. Save your course outline and certificate of completion, and contact your own board or organization for specific requirements.

**Georgia Physical Therapists:** This course has been reviewed and approved by the Physical Therapy Association of Georgia for 6.0 CCHs.

**Physician Assistants:** This program has been reviewed and is approved for a maximum of 6.0 hours of clinical Category I CME credit by the American Academy of Physician Assistant Review Panel. Physician assistants should claim only those hours actually spent participating in the CME activity. This program was planned in accordance with AAPA's CME Standards for Live Programs and for Commercial Support of Live Programs.
