

THE CLINICAL IMPACT OF MARIJUANA

When the Use of Marijuana Has Gone Too Far

As a mental health clinician, you're more likely than ever before to have clients who use marijuana and cannabis products.

And while the last decade has seen a cultural shift toward acceptance of marijuana use, **cannabis has significant addictive potential that you can't afford to overlook as a mental health clinician.** Cannabis Use Disorder can exacerbate your clients' mental health problems as they self-medicate to avoid uncomfortable emotions, thoughts and memories.

Even if addiction isn't the focus of your practice, you need to be prepared when your client's use of marijuana and cannabis products goes too far!

Attend this 3-hour webcast and you'll get:

- Tools and tactics to identify Cannabis Use Disorder in your clients
- Techniques for successfully treating co-occurring disorders with marijuana users
- Evidence-based approaches to manage cannabis withdrawal symptoms
- The latest on Medication Assisted Treatment

Sign up today and ensure you're confident in your ability to provide your clients' the best care possible and ready to navigate the everchanging impacts of drug use on your work!

Objectives

1. Characterize how the addictive properties and physical impacts of marijuana on the body and how this information informs treatment approach.
2. Detail how beliefs about marijuana can negatively impact treatment and articulate how clinicians can employ techniques to combat this obstacle.
3. Articulate how screening tools can be used with marijuana use disorder clients to identify co-occurring disorders that can negatively impact treatment outcomes.
4. Examine the latest research regarding the efficacy of psychosocial approaches for effective marijuana cessation.

Speaker

Hayden Center, PhD, LPC, has been treating individuals and families who suffer from substance abuse disorders, including opioid use disorder, for over 25 years in a private practice setting. Dr. Center most recently served as the evaluator for the Center for Substance Abuse Prevention's (CSAP) Southeast Center for the Application of Prevention Technologies (SECAPT) and the Border Center for the Application of Prevention Technologies (BCAPT).

Dr. Center served as a consultant to the Alabama Governor's Office of Drug Abuse Policy for 10 years and has worked with numerous state and local agencies in the state of Alabama.

He has provided over 200 trainings on the topics of science-based prevention, evaluation, risk and protective factors, co-occurring disorders, and other mental health and substance abuse issues. His current interests are providing training and technical assistance to increase the usage and effectiveness of evidence-based treatments and approaches.

In addition to his private practice, Dr. Center has taught in university settings for over 28 years. He teaches graduate-level courses in Theories of Psychotherapy, Advanced Objective Testing, Psychopharmacology, and undergraduate courses in psychology at Auburn University in Montgomery, Alabama. He earned his PhD in counselor education and Master of Science in psychology at Auburn University in Montgomery, Alabama.

Speaker Disclosures:

Financial: Hayden Center maintains a private practice. He receives a speaking honorarium from PESI, Inc.

Non-financial: Hayden Center has no relevant non-financial relationship to disclose.

MORNING WEBCAST

10am - 1pm EST

Outline

EFFECTIVE APPROACHES TO MARIJUANA CESSATION

Prevalence of marijuana use
Modes of intake
Potency
Pharmacokinetics

THE IMPACT OF CANNABIS USE DISORDER ON THE BRAIN

Brain centers – the relationship between brain centers and pain
The pleasure factor and the addicted brain
Differences from other substance use disorders
How chronic marijuana use changes the brain

CANNABIS WITHDRAWAL SYNDROME (CWS)

Cutting edge research
Symptoms and course of withdrawal
Clinical screening tools
Techniques to lessen symptoms and reduce cravings

THE METH EPIDEMIC

What Every Clinician Needs to Know

Dangerously addictive, meth is a drug that ends lives. It's literally a substance so volatile it puts holes in the human brain.

But it harms those far beyond the nearly half-million Americans that use meth each week. Families are neglected, children are exposed, and the prison system is overrun. It's everyone's problem.

As the tentacles of this sinister epidemic spread into our communities, you need to be prepared to address issues related to methamphetamine and other stimulant drug use in your clients' who use and in your clients' who have a drug user in their lives!

Whether you're an addictions professional, social worker, counselor, psychologist or nurse, this 3-hour webcast will give you the critical information you need to:

- Understand the impact of co-occurring disorders with meth use on treatment outcomes
- Work more effectively with clients that struggle with a dependency on meth
- Be prepared for future trends and next steps in dealing with the meth epidemic

Sign up now and make sure that you can be part of the solution to one of the scariest epidemics facing our communities today!

Objectives

1. Characterize how the addictive properties and physical impacts of methamphetamine on the body and how this information informs treatment approach.
2. Detail how other mental health disorders can negatively impact treatment and articulate how clinicians can employ techniques to combat this obstacle.
3. Communicate how clinicians can assess ongoing methamphetamine use treatment to evaluate effectiveness, and outline steps that can be taken to modify treatment when needed.
4. Articulate how screening tools can be used with methamphetamine use disorder clients to identify co-occurring disorders that can negatively impact treatment outcomes.

Webcast Continuing Education Credit Information

Credits listed below are for full attendance at the live webcast only. Certificates of Completion can be printed after completing and passing the on-line post-test evaluation. Additional certificates are available for \$49.99 USD per participant per webcast. Please see "Live Webcast Schedule" for full attendance start and end times. NOTE: Boards do not allow credit for breaks or lunch.

If your profession is not listed, please contact your licensing board to determine your continuing education requirements and check for reciprocal approval. For other credit inquiries not specified below, or questions on home study credit availability, please contact cepesi@pesi.com or 800-844-8260 before the event. Materials that are included in this course may include interventions and modalities that are beyond the authorized practice of mental health professionals. As a licensed professional, you are responsible for reviewing the scope of practice, including activities that are defined in law as beyond the boundaries of practice in accordance with and in compliance with your profession's standards.

PESI, Inc. offers continuing education programs and products under the brand names PESI, PESI Healthcare, PESI Rehab and Psychotherapy Networker.

The Clinical Impact of Marijuana: When the Use of Marijuana Has Gone Too Far

Addiction Counselors: This course has been approved by PESI, Inc., as a NAADAC Approved Education Provider, for 3.0 CE in the Counseling Services skill group. NAADAC Provider #77553. PESI, Inc. is responsible for all aspects of their programming. Full attendance is required; no partial credit will be awarded for partial attendance.

Counselors: This intermediate activity consists of 3.0 clock hours of continuing education instruction. Credit requirements and approvals vary per state board regulations. Please save the course outline, the certificate of completion you receive from the activity and contact your state board or organization to determine specific filing requirements.

Marriage & Family Therapists: This activity consists of 180 minutes of continuing education instruction. Credit requirements and approvals vary per state board regulations. You should save this course outline, the certificate of completion you receive from the activity and contact your state board or organization to determine specific filing requirements.

Nurses, Nurse Practitioners, and Clinical Nurse Specialists: PESI, Inc. is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. Nurses in full attendance will earn 3.0 contact hours. Partial contact hours will be awarded for partial attendance.

Psychologists & Psychiatrists & Physicians:

Psychiatrists & Physicians
PESI, Inc. is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. PESI, Inc. designates this live activity for a maximum of 3.0 AMA PRA Category 1 Credit(s). Physicians should only claim credit commensurate with the extent of their participation in the activity.

Psychologists

The following state psychologist boards recognize activities sponsored by PESI, Inc. as an approved ACCME provider: Alaska, Arkansas, California, Colorado, Georgia, Illinois, Indiana, Kentucky, Maine, Maryland, Missouri, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, Oklahoma, Pennsylvania, South Carolina and Wisconsin. This activity consists of 3.0 clock hours of continuing education instruction. Certificates of attendance will be issued for you to submit to your state licensing board to recognize for continuing education credit.

Psychologists/School Psychologists: PESI, Inc. is approved by the National Association of School Psychologists to offer professional development for school psychologists. PESI maintains responsibility for the program. Provider #1140. PESI is offering this activity for 3.0 hours of continuing education credit. Full attendance is required; no partial credits will be offered for partial attendance.

Social Workers: PESI, Inc., #1062, is approved to offer social work continuing education by the Association of Social Work Boards (ASWB) Approved Continuing Education (ACE) program. Organizations, not individual courses, are approved as ACE providers. State and provincial regulatory boards have the final authority to determine whether an individual course may be accepted for continuing education credit. PESI, Inc. maintains responsibility for this course. ACE provider approval period: January 27, 2017 - January 27, 2020. Social Workers completing this course receive 3.0 Clinical Practice continuing education credits. Course Level: Intermediate. Full attendance is required; no partial credits will be offered for partial attendance. A certificate of attendance will be awarded at the end of the program to social workers who complete the program evaluation.

Other Professions: This activity qualifies for 180 minutes of instructional content as required by many national, state and local licensing boards and professional organizations. Save your course outline and certificate of completion, and contact your own board or organization for specific requirements.
